SKILLS

- C
- Java
- MySQL
- HTML
- CSS
- JavaScript

INTERNSHIP

- I have completed one month internship at Central Tool Room and Training Centre (CTTC), Bhubaneswar. I received hands-on training and practical exposure in **Core Java programming**. The internship was focused on building a strong foundation in object-oriented programming (OOP) concepts and understanding.

PROJECTS

Result Management System:

- A Result Management System is a web application designed to manage, store, and process student or employee result efficiently. It automates the process of recording, calculating, and displaying results, reducing manual workload and errors

Technology Used: PHP, HTML, CSS, JavaScript, MySQL

Tools Used: XAMPP Server, VS Code, Chrome Browser

Career Compass:

- Career Compass is a career guidance and development initiative designed to help individuals, especially students and young professionals, identify and pursue suitable career paths based on their interests, skills, and goals. It empowers users to make informed decisions about education and career choices, bridging the gap between potential and opportunity.

Technology Used: Java Spring Boot, React, MongoDB.

Tools Used: IntelliJ, VS Code, Postman, Chrome Browser.
